The Greatest Fear of All

Monsters that live in closets scare little kids and monsters known as rapist scare women.

But there is one monster that should scare all of us, the devil. The devil is an infectious disease and a terror to all of man kind. He steals, destroys, and deceives.

He steals the souls of humans, men and women alike. He lies to us and tells us that we are worthless when the truth is we are “fearfully

and wonderfully created.”(Psalm 139:14) He tries to make deals with us, but if we listen and “sell out” then we miss out on the greatest reward there is, heaven. Our heavenly father has promised us this reward and all we have to do is believe in him.

Satan, the devil, also destroys everything. He destroys relationships through adultery and hate. He destroys friendships through gossip and misunderstandings. No matter what it is Satan will try to find a way to destroy it.

The devil is extremely deceitful and manipulative. He tries to convince us there is no God by deceiving our minds. He attempts to control our thoughts by giving us worries. To

overcome this all we must do is give our cares to the Lord.

Whether he is stealing, destroying, or deceiving, the devil is the biggest and scariest monster there is. To overcome this fear we must turn to our lord and savior with all of our worries and fears and know that GOD WILL PREVAIL!
